## **METHODOLOGICAL INFORMATION**

### **Definitions**

**Tourists** – Visitors who stay for at least one night in Cyprus.

**Tourist arrivals** – The term refers to the number of trips and not to the number of persons. This differs in the sense that one person can take more than one trip during the reference period.

**Revenue from Tourism** - It refers to the revenue from tourists during their visit in Cyprus.

### **Source of Data and Coverage**

The data on the expenditure of tourists is obtained from the Passengers Survey which is carried out at the points of departure in Larnaka and Pafos airports. The data is collected through personal interviews with the use of an electronic questionnaire (CAPI method – Computer Assisted Personal Interviewing).

The data covers all persons in the Government controlled area of Cyprus. It does not include travelers who arrive and depart illegally via ports and airports in the occupied part of Cyprus.
